October 8th, 2018

Dear Members and Interested Building Professionals,
The First Coast Chapter Board of Directors is proud to report that membership and participation in our organization continues to increase. Many changes within our industry have heightened interest and sparked conversation. To this end, our organization has attracted a diverse group of professionals, which has enabled us to address a number of topics and disseminate information appropriately.

PRESENTATION:

Mr. Sam Green, Manager at Simpson Strong-Tie

For more than 55 years, Simpson Strong-Tie has focused on creating structural products that help people build safer and stronger homes and buildings. Considered a leader in structural systems research, testing and innovation, Simpson Strong-Tie works closely with industry professionals to provide code-listed, field-tested products and value-engineered solutions. Its structural products are recognized for helping structures resist high winds, hurricanes and seismic forces. The company's extensive product offering includes engineered structural connectors, fasteners, fastening systems, lateral-force resisting systems, anchors and products that repair, protect and strengthen concrete.

We look forward to seeing everyone at the next meeting, and encourage continued participation and attendance.

Respectfully,
Kathleen Nichols
